## TABLE OF CONTENTS:

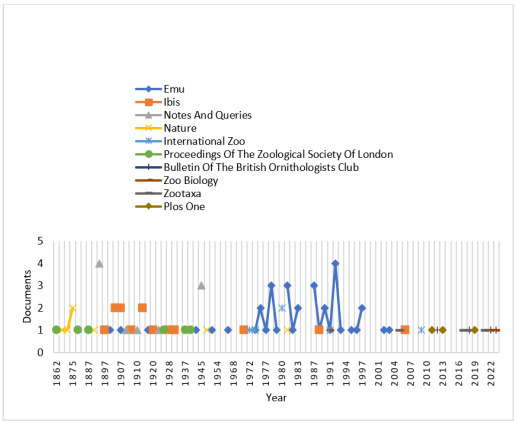

Supplementary Figure 1. Document per year by the top 10 main source journals on BoPs research field, 1862-2023. The highest number of publications is by Emu, with a total of 38 publications. 1

Supplementary Table 1. The top 10 most productive countries in terms of BoPs research. The table shows a rank according to the total number of publications. The number, percentage, and citations of each country's publications are also shown in the table. 2

Supplementary Table 2. The top 10 productive affiliations in terms of BoPs research 2

Supplementary Table 3. The top 10 productive and influential authors in BoPs research field 3

Supplementary Table 4. The top 10 funding sponsors in BoPs research field 3

Supplementary Figure 1.

**Supplementary Table 1.**

| <b>Rank</b> | <b>Country</b>   | <b>No. of Documents</b> | <b>Percentage</b> | <b>Citations</b> | <b>No. of Collaborating Country</b> |
|-------------|------------------|-------------------------|-------------------|------------------|-------------------------------------|
| 1           | United States    | 71                      | 28.0%             | 1471             | 11                                  |
| 2           | Australia        | 44                      | 17.3%             | 422              | 9                                   |
| 3           | United Kingdom   | 24                      | 9.45%             | 449              | 11                                  |
| 4           | Germany          | 15                      | 5.91%             | 331              | 13                                  |
| 5           | Netherlands      | 10                      | 3.94%             | 350              | 3                                   |
| 6           | Sweden           | 10                      | 3.94%             | 253              | 11                                  |
| 7           | Papua New Guinea | 9                       | 3.54%             | 202              | 5                                   |
| 8           | Denmark          | 6                       | 2.36%             | 246              | 9                                   |
| 9           | Indonesia        | 6                       | 2.36%             | 86               | 9                                   |
| 10          | Brazil           | 5                       | 1.97%             | 35               | 2                                   |
